One of the most interesting parts of his talk was on the subject of FFA member) and third, W. N international relations, particularly regarding the United States and Russia. He explained forcibly and clearly that Russian people do not think like Americans, do not see things our way, simply because for centuries they have been under suppression of various groups. It seemed to be his opinion that a continued American policy of firmness in dealng with Russia would be understood by Russians-a people accustomed to harshness and firmness.

He declared that he pessimist and felt that applying the lesons of history to present problems would be of great benefit. He especially stressed the teaching of American his tory and ogvernment in high schools and colleges

Insecticide Sprays

H. C. Stanley Jr., county agricultural agent, this week warns the farmers of Jones County to be extremely careful when using inflammable insecticides to spray barns, corn cribs and grain storages.

'Carbon bisulfide or 'high life' as it is commonly called is one of the most dangerous sprays," Stanley states. "Such an insecticide, commonly used in this vicinity, is more explosive than gasoline and can ignite from the heat of a steam pipe"

if flammable fumigants and insec ticides must be utilized, the county agent declares, they should never be kept inside of a building housing persons or animals. "Never, under any circumstances, should anyone strike a match with in 10 feet of a building which is being fumigated."

There is no tyrant like custom, and no freedom where its edicts are not resisted.-Bovee.

HAVE A HEART

Shirley Temple loves the charming informality of this gay cotton blouse, created for her by one of her favorite designers. Red and white and blue and white gingham hearts are appliqued on the front and back of the blouse.

Vet Farm Training To Be Continued

Hamlin area veterans will be glad to learn this week that agricultural training for nearly 40,000 World War II veterans on farms in Texas, Louisana and Mississippi probably THAT GIVES YOU DEEPER AND will not be materially affected by the . LONGER LASTING CURLS. new legislation passed by the 80th Congress, a VA official said this

William T. Murphy, VA director of vocational rehabilitation and education for the three states, said the new law (Public 377) assures continuance of full subsistence allowances for veterans engaged in approved institutional on-the-farm training.

New regulations under the act will be discussed by the VA officials in St. Louis this week, Murphy said. He pointed out that the law actually stabilizes and gives congressional approval to most policies already established by VA in the Southwest for the farm training program.

Any new regulations made necessary by the acts will be available to veterans, educators and agricultural leaders by October 1, Murphy said. World War II veterans taking institutional on-the-farm training in the Dallas Branch Area under the GI Bill includes 21,500 in Texas,

Hard of Hearing Handicap May Be Helped in Cases

The Hamli parea child who can? not hear is badly handicapped. Hard-of-hearing children are often considered backward and become greatly retarded in school when in reality they may be highly intelligent but simply cannot hear much of what is said to them. Children who appear backward in school should be observed carefully to determine if hearing is a factor in the situation.

According to Dr. George W. Cox. state health officer, many injuries to the ear can be prevented by keeping foreign objects out of the ear canal, taking good care of the ears during colds and other diseases and observing certain precautions when swimming.

"The cause of middle ear trouble often is diving and swimming," Dr-Cox said. "Protect the ears by wearing a rubber cap or ear plugs."

The state health officer declared that no hard instrument of any kind should be used in cleansing the ear canal since it may be injurious. Using ordinary precautions an help much to avoid minor ear trouble which may later lead to partial or complete deafness, the doctor added.

TRUE STORIES of **WEST TEXAS**

(By N. H. Kincaid, 2618 Hictory St. Abilene, Texas-Copyrighted)

THE GREAT BUFFALO KILL

would be long remembered among | South Plains. The old Center Line the buffalo hunters of West Texas. Road was struck at Fort Phantom This was the climactic year of the Hill and followed to the present great kill. Hereafter, stories of Colorado City. Camp was located herds so extensive that four and five on Morgan Creek until after Christhours would be required to ride past | mas. It was then moved on out toone would be considered as myths. wards present Lamesa on Sulphur The buffalo were killed off by the Draw. Buffalo were so numerous hundreds of thousands, and Fort that Henry Herron, one of their Griffin alone is said to have handled skinners and later peace officer of some 1,250,000 hides that one year Albany, remarked that there would

being his last hunting season and also high marked with a disastrous Indian raid, the thing that he would recall oftenest, and of which old timers at Fort Griffin spoke most admiringly, would be the "stand" he achieved. Eighty buffalo were killed. And they were all dropped over about an acre of ground without his having once changed his position. The hunters had outfitted at Fort Winter of 1877-1878 was one that Griffin and then pushed onto the

be plenty of buffalo as long as he

But to John William Poe of the

Poe-Jacobs outfit the year would be doubly memorable. In spite of its

ived. Yet they were gone by spring. It was here that Poe made his

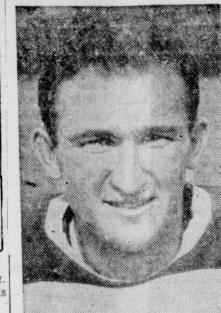

John William Poe stalked a herd by moving driectly towards it if it was moving, but he remained perfectly still while the herd was stopped. On this particular occasion, however, the herd was grazing and so he rode to the windward side, keeping out of sight, then dismounted and crawled to within shooting distance of the leader. He then made a rest for his big Fifty, a 14 pound cap and powder Sharps rifle, by forcing a crotched stick into the ground. He then waited for the herd to begin moving

Presently the big lead bull veered off to the right and the herd followed Poe downed him expertly, shooting him through the 'lights' or lungs, and as the blood spurted from Grantland Rice as one of the outhis nostrils the herd went mad. They began to mill about, bellowing and pawing the ground. Poe waited.

As the animals subsided another leader came forward; he ws turning wise dropped. And so on, over and over, until the 80 buffalo lead bulls were downed. Each time the bull was killed neatly, the herd was checked, and no stampede followed. And they lay so compactly that the skinning and handling of hides was simplified immensely.

This feat placed Poe in the front ranks of skilled marksmen. It also acted as a basis for his later service as a noted peace officer, in which capacity he served in Fort Griffin, on the Texas High Plains and in New

Al Johnson in Final Year with H-SU Cowboys

Al Johnson, of Dublin, formerly of Hamlin, for two seasons an ace quarterback for the Hardin-Simmons University football team, Abilene, is beginning his final year in the Cowboy camp. Coach Warren B. Woodson has indicated that Johnson, whose precise signal calling and accurate passing has led the Cowboys through two undefeated seasons, will be one of the main factors in whatever sucess comes to the Cowboys

squad, has been doing drills twice daily with the Cowboy squad and apparently has climbed a starting berth for the third time in as many agent says it is certainly worth a seasons of varsity ball. Named by standing backs in the entire South. didates for the quarterback post.

in football and basketball, Johnson production,

first reported to the Hardin-Sim-mons atheletic fields in 1941 and immediately made his presence known by guiding the freshman team of that year through a successful season. He was a starter on the var-

sity 11 in both 1942 and 1946. Coach Woodson has stated that his 1947 Cowboys are much stronger than last year's 11 which sailed through a 10-game schedule, scoring 328 points to 48 for opposition to stand as the only team in the entire Southwest with a perfect season's record.

Agent Urges Use Of Vitamins for Egg Production

With sales of 25,000 dozen eggs marked up by Jones County chicken raisers during August, H. C. Stanley, county agent, calls attention of poultrymen to he need of making sure all laying hens get ample supplies of Vitamin A.

Hot weather during the past few weeks has been drying up green feed Many chicken owners 'are now, for instance, mixing alfalfa leaf meal in the regular ration at the rate of three per cent.

Such a supplemental ration mixture Stanley declares, is especially wants too much of the meal in the ration, or it will cut down the food value of chicken mash.

The county agent reports some poultry raisers are having trouble with summer colds in flocks. Vita-Johnson, co-captain on the 1946 min A in green feed will keep those colds under control. It's not going to cure the flock if you have contagious colds, but the county

With choice eggs bringing prices they are at present Stanley believes west, Johnson has outdistanced a many poultry flock owners are really field of more than half a dozen can- passing up a chance if they do not give laying hens exactly what they A former Hamlin High School need in the way of balanced feed; athelete where he earned letters first to insure continued high egg

More Puzzling Things.

A young mother, somewhat embarrassed, had just unburdened herself and told her son the facts of lfe. At the end she said:

"Now, if you want to know any-

hing els; ask me." The lad pondered a moment, then said: "How do they get the Saturday Evening Post out on Tuesday?"

The 30 pieces of silver for which Judas betrayed Christ would amount to \$11.28 in American money.

Leaving the other two on the long porch, Gerrett stepped inside to Maxwell's adjoining bedroom. Almost imediately another man slippstock would begin disappearing once ed softly from the shadows towards the two on the porch. He was with_ in arm's length of Poe before he saw them. Like a flash he sprang upon the veranda, whipping out his six shooter and covering the men.

"Quien es? Who is it?" he demanded. But instead of shooting death passed them by.

A moment later two shots rang "He is over at Fort Sumner hiding out within and Pat Garrett rushed out onto the veranda.

"I killed the Kid!" he blurted. "I killed the Kid!"

And indeed it was the Kid. Sherin the semi-dark and shot instantly. The following day, July 15, 1881, William H. Bonney of the New York | Given Surprise slums, commanly known as Billy the Kid in the western cow country, was buried beside two of his cronies and horse thieves, the Kid was said to have killed a man for each of his own 21 ears of life.

7c Support Price for Cotton Set for Area

Jones and Fisher County farmers are advised grower prices for the 1947 American-Egyptian cotton crop will be supported at about seven cents a pound higher than last year.

So states the Department of Agriculture, which says support rates for basic quality cotton, that is Grade No. 2, 1:5 inches, will be 56.85 cents pound net in the West Texas-New Mexico area.

MODERN LIVING CLAIMS VICTIMS

Soft, refined foods and lack of exercise are responsible for increasing thousands of constipation victims. Intestinal muscles become sluggish, waste matter accumulates and gas is formed. Often there is a tired, restless, listless feeling. It's cases like this that the new improved ADLERIKA is designed to help. This scientifically compounded Tone-Up laxative is quickly bsorbed by the gastro-intestinal system. . . gas pressure is relieved and waste matter is moved gently through the digestive canal. When you eat well and digest your food well, you'll find a new joy in living. Order a bottle of ADLERIKA today.

Caution: use only as directed.

counselor, Sue McCrary and John Fagar Rowland, attended from the intermediate group. Dr. Wil C. House, pastor, also attended from

Proper Use of Sugar Keeps Fruits Tender

Heres a tip from Miss LoF retta Allen, county home demonra tion agent, to county housewives on making preserves out of the fruit

Fruit preserves are successful only children, Earl Ellison, Compton, Cal- if the fruit holds its shape, yet is fornia; Sparl Ellison, El Paso; Boyd tender and translucent in the syrup. It is explained sugar has a firm-Pauline Granise, Lynnwood, Califor- ing effect on fruit tissues but must be applied differently to various kinds of fruits.

Sugar, Miss Allen state, are added "straight" to tender, juicy fruits like peaches, cherries and berries. If the fruits stand overnight in sugar they become firmer and are less likely to go to pieces in cooking. The sugar draws out the juice and

shrinks the fruit somewhat, but the juice provides enough liquid so that no water need be added and this shortens the cooking time. The shorter the shorter the cooking, the better the color and flavor.

Quick fruits, the county hame demonstration agent says, do not need overnight firming. But because they are juicy they are put

in a thick syrup. This helps their shape as they cook—and the juice

amount. Firm fruits like crab apples and quinces, for instance, are put in thin boils down.

H-SU Cowboys 1947 Schedule

A squad of more than 60 atheletes has been doing drills twice daily under the leadership of Head Coach Warren B. Woodson. Among these hopefuls are 20 lettermen and nine first stringers from the 1946 squad. of the former first stringers will be giving away their starting berths to Indications are, however, that some newcomers who have been showing up well during the past several days. Coach Woodson admits his 1947 aggregation will be more powerladen and perhaps swifter than his 1946 squad. "However," he cautiously points out, "our opponents are due to be stronger also."

The Cowboys will again be depending on the service of Al Johnson, of Dublin, a former Pied Piper, speedy quarterback who is proclaimed the most accurate passer in the southwest, for his precise signal calling and deceptive ball handling which was an important factor; in the undefeated march of the Cowboys a year ago. Other backfield veterans include

J. C. "Bullet" Cook of Baird, right halfback who caught several touch...

down aerials from the arm of Johnson, last fall, Pat Bailey, South Bend, Indiana, sensation who lettered as understudy of Little All-American Rudolph (Doc) Mobley last year. Virgil Turner of Sweetwater, younger brother of Bulldog Turner of the Chicago Bear fame, and Raymond Troutman of Abilene are a pair who will probably share the fullback post. Waller (Moe) Hedrick of Houston has been switched to quarterback from the end position as an under-

The rugged Cowboy forward wall will be powerladen with veterans at every post. John (Red) Cleveland of Corpus Christi is expected to repeat as a starting center, being back_ ed up by Howard McChesney of Van Nuys, California, 1946 letterman.

The guard position will be filled by (Cactus) Jack Ellison of Hamlin, a veteran two-year letterman who has recently been elected co-captain and either Joe England of Avoca or Jesse Clardy of Levelland, both lettermen from the 1946 squad.

All-Conference (Strawberry) Rowan is due to hold down one tackle while Leon Cooper of Redding, Pennslivania, D. N. Taylor of Levelland, and a newcomer Tom Proctor of Abilene will be battling for the other starting berth. J. C. Hillin of Clifton, a 1942 tackle leterman, has returned and must be considered before the starting positions are hand-

Bob McChesney of Van Nuys, Cal fornia, J. W. Steadman of Cleburne, Jack Boles of Midland, and several newcomers are expected to hold down the flank positions with a confident amount of dependability. The schedule for the Cowboys

1947 games are as follows: Saturday night-September 20-Trinity University at San Antonio. Friday night—October 3—San Jose State at San Jose, California.

Saturday night-October 11-Arizonia University at Abilene.

Friday night-October 17-New Mexico University at Abilene. Saturday afternoon—October 25—

Misissippi State at State College, Mississippi. Saturday night—November 1-

Houston University at Corpus Chris-Friday night-November 7-West

Texas State at Canyon. Saturday night-November 15-

Texas Mines at Abilene. Saturday afternoon-November, 29 -Texas Tech at Lubbock. Saturday night-December 6-Arl.

Agent Gives Check Lists for Flowers

zonia State at Tempe, Arizona.

Here's a late August and early September check list for your flower garden, Mrs. Jones County, as furnished by Miss Loretta Allen, county home demonstration agent. It will be well to clip and save for handy reference:

Cut old blossoms and seed pods from crepe myrtle and other plants. It will keep them blooming longer, Make out your list of bulbs to plant this fall. An early order gets

the choice ones. Order flower seeds to be planted this fall. Calendula, larkspur, snapdragon, phlox, petunia, dianthus. pansy, stock, hardy poppies, corn-

flower, scabiosa and candytufts are

recommended.

Chrysanthemums are heavy feeders; they need a monthly shot of commercial fertilizer and plenty of water. Stake plants; pinch off some of the early buds.

If you have thin spots in the lawn, mow the grass high, fertilize and

After perennial phlox and verbena have passed their glory, cut the tops back pretty severely, fertilize and water for lots of late blooms. Trim back limbs and twigs from

shrubs and shade trees that are growing out of proportion for the rest of the plant. While your plants are still in

bloom make a few notes on the changes you will want to make for next season.

The name of Idaho is derived from an Indian word meaning "Gem of the Mountains."

FREEZER

Jack Ellison Is Co-Captain of H-SU Gridders

Jack Ellison of Hamlin, recently elected co-captain of the 1947 Hardin-Simmons football squad, is beinning his final year in the Cowboy heap . Coach Warren B. Woodson; pilot of the only undefeated team in the southwest, has indicated that Ellison will see a lot of action at his regular guard post this fall.

Ellison, who has been working out with three other Cowboy lettermen for the guard position has apparently clinched a starting position on the powerful Cowboy aggregation and is headed toward his third Hardin-

where he gathered letters in football, basketball and track, Ellison came to Hardin-Simmons in 1941 with con- able. siderable exeperneice. His husky five foot and 11 inch, 195 pound frame has been a major factor in the undefeated march of the Cowboys in 1942 and 1946. A physical educagraduation.

Millionth TELEPHONE IN TEXAS

SOUTHWESTERN BELL'S millionth telephone in Texas was installed late in August in the home of a Houston architect, his Luxembourg war bride, and their 14-month-old

Mr. and Mrs. Gunter W. Koetter had been waiting for a telephone for many months. And, like many another Texas family, the Koetter's new telephone is on a four-party line until telephone factories and installation crews

can catch up with Texas' post-war needs for

telephone service. When the millionth Texas telephone was installed, no one was happier than Mrs. Koetter. Said she: "I can hardly believe I'm going to have a telephone of my own. Back in my native Luxembourg, only the very rich can afford

telephone service.'

INSTALLATION of the millionth telephone is a historic milestone and a far cry from Texas' first telephone, installed in 1878, connecting

Col. A. H. Belo's office at the Galveston News with his nearby home!

Less than 10 years ago—in 1938—Texas had only half a million telephones! On V-J Day-just two years ago-Texas had 750,000 telephones! Thus, Texas has added as many telephones

in less than 10 years as were installed in the previous 60 years! And despite postwar shortages, we've gained more telephones in Texas in the two years since V-J Day than were added in the 10 years preceding the war!

Yet-despite this record, 137,000 Texas families and business concerns are now on the waiting list for telephones. Although we're installing service several times faster than ever before, it has been impossible to connect telephones as fast as Texans are applying for them.

WE'RE PROUD to be growing with Texas. And, we're hard at work on the biggest telephone expansion and improvement program in the history of the state. We shall continue to do everything within our power to bring telephone service, as early as possible, to everyone in Texas who wants it.

Heavy Spending Seen in County For Farm Homes

will spend more than \$1,128,000 for killed a huge rattler, six feet long new housing in the next three to and weighing 20 pounds near his five years, according to a forecast released to The Herald by a nation-

"As a result of high income dured to invest record amounts in new home construction and in general farm improvements," said F. B. Ortman, chairman of the residential onstruction committee.

Pointing out that the comforts an conveniences of urban living are now available to farm families, Ortman said that new rural homes will incorporate such features as water pressure systems, tiled bathrooms and modern kitchen facilities.

Rapid electricfication of rural areas of Texas is making possible the incorporation in new homes of many labor-saving and comfort-providing devices undreamed of a generation ago, according to Ortman. Rural Electrification Admnistration estimates disclose that more than 55 per cent of all farms in the state now receive central station electric servce. Refrigerators, electric washing machines and deep freezing plants as well as plumbing systems will go into many new homes as a conse-

Hamlin citizens who haven't visited one of the city's largest busiited one of the city's largest businesses lately, have really missed FFA Members

We refer to the Hamlin Public School system.

We say it's big business because the system is engaged in the training and education of nearly 1,000 students from the first grade on through high school. This work goes on in three large modern buildings and one department, Vocational Agriculture, has its own building.

Nugent, a third extension try for Combine Milo and two terraces of and the payroll itself is a big item.

The buildings and real estate investment themselves are probably worth in the neighborhood of half a million dollars. The new elementary building will cost approximately \$150,000 and the new primary building about \$60,000.

New buildings are modern in every respect and the new elementary building contains classrooms for pupils from the fourth through the eighth grades. All classrooms are scientifically lighted and walls are tinted in colors best suited for their location in the buildings. A modern afeteria is feeding nearly 300 daily. This building also contains the upto-date combination gymnasiumauditorium which features a tile block floor with the court striped eyball. The auditorium has a large Toilet facilities are modern through-

Farm Markets Show Drop In Many Sections During The Preceeding Week

many farm markets last week, according to a report to The Herald Calvary Baptist from the Production and Marketing Adminstration, United States Department of Agriculture.

Grains dropped sharply toward the close of the week, to net losses of five to 25 cents. Wheat, corn and sorghums suffered most, but oats and barley went along. Wheat closed at \$2:68 and \$2.69 at Fort Worth Friday, and white corn \$2.80 to \$2.85. Buyer resistance and smaller export allocations were given as weakening actors.

Feeds kept up their speciacular rice rises with gains of \$2.50 to \$8 or more per ton. Prairie hay strengthened and alfalfa held firm.

Late-week cotton losses all but liquidated early advances of around 1.50 higher for the week. Demand or most favored grades and staples ontinued good, but spot sales de-

Cattle prices weakened radically in the period. Some markets still last week, after gaining early

Locals Rated as Underdogs Facing Heavier Visitors

Lose First Game To Rotan 26-0

lin High School Pied Pipers will perform before homefolks Friday night at Piper Field, playing the mighty Merkel Badgers who walked county seat last Friday night. Light in weight and lacking in seasoned experience, the Pipers go into the game rated as underdogs to the heavy Badgers, but Coaches Howard and King said this week that the local gridders would be in their battling and will appreciate the support of the local fans.

Starting lineups and weights released by coaches of both teams reveal that the Badgers have a starting line-up average 164 pounds and the Pipers will average 147 pounds an advantage for the Badgers of 17 pounds per man. The Badgers only have one man weighing less than 150 pounds and their big guns are Walker and Land.

The kickoff of the Friday night melee is set at 8:00 o'clock p. m.

Starting line-ups include:								
Hamlin	Pos.	Merkel						
Elder	LE	English						
Goodgame								
Adams	LG	Gilbert						
Kite	C.	Nash						
Criswell	RG	Criswell						
Phipps								
Black								
Townsend	QB	Walker						
Owens	LH	Teaff						
Butler	RH	Land						
Putman	FB	Floy						
Poton Ce								

In a non-conference contest, the first for the Pipers, they were crushed 26 to 0 Thursd tan by the Rotan Yellowhammers First downs were registered at eight 245 yards from scrimmage to the Pipers 126. The locals were never able to penetrate beyond the Yel-

lowhammer 40-yard stripe.

Calvary Baptist WMA Has Bible Study Thursday

Ladies of the Women's Missionary Auxiliary of the Calvary Baptist Church last Thursday afternoon for the regular business session and Bi-

Mrs. B. B. King presided during the business meeting. Plans were made to send school supplies to the Texas Baptist Orphanages.

Mrs. W. E. Nunn taught the inspiring lesson on "The Work of Christ." Ten ladies were present.

After the lesson, the ladies met in the home of Mrs. W. D. Patterson, whose son, Junior Patterson, died last Monday at a Borger hospital. Sixteen ladies were in attendance for the prayer and testimony, conducted by Mrs. Jess Treadwell.

Officers recently elected by the Auxiliary are: Mrs. J. A. Griffin, president. Mrs. B. B. King, vicepresident; Mrs. Viola Shipman, secretary-treasurer; Mrs. Lois Bingham, reporter; Mrs. W. E. Nunn, Bible teacher; Mrs. Jess Treadwell, assistant Bible teacher; Mrs. J. B. Turner, song leader; Miss Georgia Nunn, planist.

The regular weekly meeting time was changed from 3:00 p. m. Tuesdays to 2:30 p. m. Taursdays.

Insecticide Sprays

H. C. Stanley Jr., county agricultural agent, this week warns the farmers of Jones County to be exmable insecticides to spray barns, corn cribs and grain storages.

'Carbon bisulfide or 'high life' as it is commonly called is one of the most dangerous sprays," Stanley states. "Such an insecticide, commonly used in this vicinity, is more explosive than gasoline and can ignite from the heat of a steam pipe"

if flammable fumigants and insec ticides must be utilized, the county agent declares, they should never be kept inside of a building housing persons or animals. "Never, under any circumstances, should anyone strike a match with in 10 feet of a building which is being fumigated."

There is no tyrant like custom, and no freedom where its edicts are not resisted.-Bovee.

Shirley Temple loves the charming informality of this gay cotton blouse, created for her by one of her favorite designers. Red and white and blue and white gingham hearts are appliqued on the front and back of the blouse.

Vet Farm Training To Be Continued

Hamlin area veterans will be glad to learn this week that agricultural training for nearly 40,000 World War II veterans on farms in Texas, Louisana and Mississippi probably will not be materially affected by the . LONGER LASTING CURLS. new legislation passed by the 80th Congress, a VA official said this

William T. Murphy, VA director of vocational rehabilitation and education for the three states, said the new law (Public 377) assures continuance of full subsistence allowances for veterans engaged in approved institutional on-the-farm training.

New regulations under the act will be discussed by the VA officials in St. Louis this week, Murphy said. He pointed out that the law actually stabilizes and gives congressional approval to most policies already established by VA in the Southwest for the farm training program.

Any new regulations made necessy by the acts will be available to veterans, educators and agricultural leaders by October 1, Murphy said. World War II veterans taking institutional on-the-farm training in the Dallas Branch Area under the GI Bill includes 21,500 in Texas,

Handicap May Be Helped in Cases The Hamli narea child who can? not hear is badly handicapped. Hard-of-hearing children are often considered backward and become greatly retarded in school when in reality they may be highly intelligent but simply cannot hear much of what is said to them. Children who appear backward in school should be observed carefully to determine if hearing is a factor in the situation. state health officer, many injuries

Hard of Hearing

According to Dr. George W. Cox. to the ear can be prevented by keeping foreign objects out of the ear canal, taking good care of the ears during colds and other diseases and observing certain precautions when swimming.

"The cause of middle ear trouble often is diving and swimming," Dr-Cox said. "Protect the ears by wearing a rubber cap or ear plugs."

The state health officer declared that no hard instrument of any kind should be used in cleansing the ear canal since it may be injurious. Using ordinary precautions an help much to avoid minor ear trouble which may later lead to partial or complete deafness, the doctor added.

TRUE STORIES of WESTTEXAS

(By N. H. Kincaid, 2618 Hictory St. Abilene, Texas-Copyrighted)

THE GREAT BUFFALO KILL

would be long remembered among | South Plains. The old Center Line the buffalo hunters of West Texas. Road was struck at Fort Phantom This was the climactic year of the Hill and followed to the present herds so extensive that four and five on Morgan Creek until after Christhours would be required to ride past | mas. It was then moved on out toone would be considered as myths. wards present Lamesa on Sulphur The buffalo were killed off by the Draw. Buffalo were so numerous hundreds of thousands, and Fort that Henry Herron, one of their Griffin alone is said to have handled skinners and later peace officer of some 1,250,000 hides that one year Albany, remarked that there would

But to John William Poe of the oe-Jacobs outfit the year would be doubly memorable. In spite of its being his last hunting season and alo high marked with a disastrous Indian raid, the thing that he would recall oftenest, and of which old imers at Fort Griffin spoke most admirinaly, would be the "stand" he achieved. Eighty buffalo were killed. And they were all dropped over about an acre of ground without his

having once changed his position. The hunters had outfitted at Fort Winter of 1877-1878 was one that Griffin and then pushed onto the great kill. Hereafter, stories of Colorado City. Camp was located be plenty of buffalo as long as he

ived. Yet they were gone by spring It was here that Poe made his

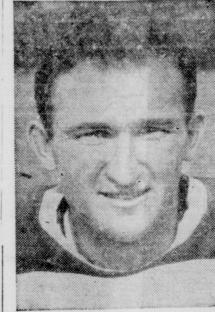

John William Poe stalked a herd by moving driectly towards it if it was moving, but he remained perfectly still while the herd was stopped. On this particular occasion, however, the herd was grazing and so he rode to the windward side, keeping out of sight, then dismounted and crawled to within shooting distance of the leader. He then made a rest for his big Fifty, a 14 pound cap and powder Sharps rifle, by forcing a crotched stick into the ground. He then waited for the herd to begin moving

off to the right and the herd followed Poe downed him expertly, shooting him through the 'lights' or lungs, and as the blood spurted from Grantland Rice as one of the outhis nostrils the herd went mad. They began to mill about, bellowing and pawing the ground. Poe waited.

As the animals subsided another leader came forward; he ws turning them to the left when he was likewise dropped. And so on, over and over, until the 80 buffalo lead bulls were downed. Each time the bull was killed neatly, the herd was checked, and no stampede followed. And they lay so compactly that the skinning and handling of hides was simplified immensely.

This feat placed Poe in the front ranks of skilled marksmen. It also acted as a basis for his later service as a noted peace officer, in which capacity he served in Fort Griffin, on the Texas High Plains and in New

Al Johnson in Final Year with H-SU Cowboys

Al Johnson, of Dublin, formerly of Hamlin, for two seasons an ace quarterback for the Hardin-Simmons University football team, Abilene, is beginning his final year in the Cow- rate of three per cent. boy camp. Coach Warren B. Woodson has indicated that Johnson, whose precise signal calling and accurate passing has led the Cowboys through two undefeated seasons, will be one of the main factors in whatever sucess comes to the Cowboys

apparently has climbed a starting berth for the third time in as many agent says it is certainly worth a seasons of varsity ball. Named by try didates for the quarterback post.

in football and basketball, Johnson production,

first reported to the Hardin-Simmons atheletic fields in 1941 and immediately made his presence known by guiding the freshman team of that year through a successful season. He was a starter on the var-

sity 11 in both 1942 and 1946. Coach Woodson has stated that his 1947 Cowboys are much stronger than last year's 11 which sailed through a 10-game schedule, scoring 328 points to 48 for opposition to stand as the only team in the entire Southwest with a perfect season's record.

Agent Urges Use Of Vitamins for Egg Production

marked up by Jones County chicken raisers during August, H. C. Stanley, county agent, calls attention of poultrymen to he need of making sure all laying hens get ample supplies of Vitamin A.

Hot weather during the past few weeks has been drying up green feed fast. Many chicken owners 'are now, for instance, mixing alfalfa leaf meal in the regular ration at the

Such a supplemental ration mixture ,Stanley declares, is especially wants too much of the meal in the ration, or it will cut down the food value of chicken mash.

The county agent reports some poultry raisers are having trouble with summer colds in flocks. Vita-Johnson, co-captain on the 1946 min A in green feed will keep those squad, has been doing drills twice colds under control. Proper Use of Sugar Keeps Fruits Tender

Heres a tip from Miss LoF retta Allen, county home demonra tion agent, to county housewives on making preserves out of the fruit East Cemetery here with Barrow crop that's en route now to mar-

> Fruit preserves are successful only if the fruit holds its shape, yet is tender and translucent in the syrup. It is explained sugar has a firming effect on fruit tissues but must be applied differently to various kinds of fruits.

> Sugar, Miss Allen state, are added "straight" to tender, juicy fruits like peaches, cherries and berries. If the fruits stand overnight in sugar they become firmer and are

less likely to go to pieces in cooking. The sugar draws out the juice and shrinks the fruit somewhat, but the juice provides enough liquid so that no water need be added and this shortens the cooking time. The shorter the shorter the cooking, the better the color and flavor.

Quick fruits, the county hame demonstration agent says, do not need overnight firming. But because they are juicy they are put

in a thick syrup. This helps their shape as they cook-and the juice

ONE STAR GAS COMPANY

H-SU Cowboys 1947 Schedule

has been doing drills twice daily under the leadership of Head Coach Warren B. Woodson. Among these hopefuls are 20 lettermen and nine first stringers from the 1946 squad. of the former first stringers will be giving away their starting berths to Indications are, however, that some newcomers who have been showing up well during the past several days. Coach Woodson admits his 1947 aggregation will be more powerladen and perhaps swifter than his 1946 squad. "However," he cautiously points out, "our opponents are due to be stronger also."

The Cowboys will again be depending on the service of Al Johnson, of Dublin, a former Pied Piper, speedy quarterback who is proclaimed the most accurate passer in the southwest, for his precise signal calling and deceptive ball handling which was an important factor; in the undefeated march of the Cowboys a year ago.

Other backfield veterans include J. C. "Bullet" Cook of Baird, right halfback who caught several touch. down aerials from the arm of Johnson, last fall, Pat Bailey, South Bend, Indiana, sensation who lettered as understudy of Little All-American Rudolph (Doc) Mobley last year. Virgil Turner of Sweetwater, younger brother of Bulldog Turner of the Chicago Bear fame, and Raymond Troutman of Abilene are a pair who will probably share the fullback post.

Waller (Moe) Hedrick of Houston has been switched to quarterback from the end position as an understudy of Johnson.

The rugged Cowboy forward wall will be powerladen with veterans at every post. John (Red) Cleveland of Corpus Christi is expected to repeat as a starting center, being backed up by Howard McChesney of Van Nuys, California, 1946 letterman.

The guard position will be filled by (Cactus) Jack Ellison of Hamlin, a veteran two-year letterman who has recently been elected co-captain and either Joe England of Avoca or Jesse Clardy of Levelland, both lettermen from the 1946 squad.

All-Conference (Strawberry) Rowan is due to hold down one tackle while Leon Cooper of Redding, Pennslivania, D. N. Taylor of Levelland, and a newcomer Tom Proctor of Abilene will be battling for the other starting berth. J. C. Hillin of Clifton, a 1942 tackle leterman, has returned and must be considered before the starting positions are handed out.

Bob McChesney of Van Nuys, Calo

ifornia, J. W. Steadman of Cleburne, Jack Boles of Midland, and several newcomers are expected to hold down the flank positions with a confident amount of dependability. The schedule for the Cowboys 1947 games are as follows:

1947 games are as follows:
Saturday night—September 20—
Trinity University at San Antonio.
Friday night—October 3—San Jose
State at San Jose, California.

Saturday night—October 11—Arizonia University at Abilene.

Friday night—October 17—New Mexico University at Abilene.
Saturday afternoon—October 25—

Saturday afternoon—October 25— Misissippi State at State College, Mississippi. Saturday night—November 1—

Houston University at Corpus Christi.

Friday night—November 7—West

Friday night—November 7—West Texas State at Canyon. Saturday night—November 15—

Saturday night—November 15— Texas Mines at Abilene. Saturday afternoon—November 29

Texas Tech at Lubbock.
Saturday night—December 6—Arlzonia State at Tempe, Arizona.

Agent Gives Check Lists for Flowers

Here's a late August and early September check list for your flower garden, Mrs. Jones County, as furnished by Miss Loretta Allen, county home demonstration agent. It will be well to clip and save for handy reference:

Cut old blossoms and seed pods

from crepe myrtle and other plants. It will keep them blooming longer.

Make out your list of bulbs: to plant this fall. An early order gets the choice ones.

Order flower seeds to be planted this fall. Calendula, larkspur, snapdragon, phlox, petunia, dianthus, pansy, stock, hardy poppies, cornflower, scabiosa and candytufts are recommended.

Chrysanthemums are heavy feeders; they need a monthly shot of commercial fertilizer and plenty of water. Stake plants; pinch off some of the early buds.

If you have thin spots in the lawn, mow the grass high, fertilize and water.

After perapoial phlos and verbage

After perennial phlox and verbena have passed their glory, cut the tops back pretty severely, fertilize and water for lots of late blooms.

Trim back limbs and twigs from shrubs and shade trees that are growing out of proportion for the rest of the plant.

While your plants are still in

bloom make a few notes on the changes you will want to make for next season.

The name of Idaho is derived from an Indian word meaning "Gem of the Mountains."

Millionth TELEPHONE

SOUTHWESTERN BELL'S millionth telephone in Texas was installed late in August in the home of a Houston architect, his Luxembourg war bride, and their 14-month-old

Mr. and Mrs. Gunter W. Koetter had been waiting for a telephone for many months. And, like many another Texas family, the Koetter's new telephone is on a four-party line until telephone factories and installation crews can catch up with Texas' post-war needs for telephone service.

When the millionth Texas telephone was installed, no one was happier than Mrs. Koetter. Said she: "I can hardly believe I'm going to have a telephone of my own. Back in my native Luxembourg, only the very rich can afford telephone service.

INSTALLATION of the millionth telephone is a historic milestone and a far cry from Texas' first telephone, installed in 1878, connecting Col. A. H. Belo's office at the Galveston News

with his nearby home!

Less than 10 years ago-in 1938-Texas had only half a million telephones! On V-J Day-just two years ago-Texas had 750,000 telephones!

Thus, Texas has added as many telephones in less than 10 years as were installed in the previous 60 years! And despite postwar shortages, we've gained more telephones in Texas

in the two years since V-J Day than were added in the 10 years preceding the war! Yet-despite this record, 137,000 Texas families and business concerns are now on the waiting list for telephones. Although we're installing service several times faster than ever before, it has been impossible to connect tele-

WE'RE PROUD to be growing with Texas. And, we're hard at work on the biggest telephone expansion and improvement program in the history of the state. We shall continue to do everything within our power to bring telephone service, as early as possible, to everyone in Texas who wants it.

phones as fast as Texans are applying for them.
